# MARCOS DANIEL RIVERA GONZÁLEZ

**Product Designer | UX/UI Designer | UX Researcher**

Monterrey / Puebla, Mexico (Remote or On-site) | 8114111812 | MarcosDanielRG@outlook.com | linkedin.com/in/marcos-rivera-ux

## PROFESSIONAL SUMMARY

Product Designer with over 2 years of experience in B2B SaaS and Vertical AI, specialized in UX Research, UX/UI design, and building scalable design systems. I take full ownership of the process: leading application and CRM design from 0 to 1, improving landing page conversion, and running QA testing within agile workflows, working closely with engineering thanks to my technical background. Experienced working remotely and asynchronously with international teams. C1 English proficiency, open to remote, on-site, or international relocation opportunities.

## PROFESSIONAL EXPERIENCE

**Product Designer | UX/UI Designer | UX Researcher — Zealix** *Dec 2023 – Dec 2025*

*B2B SaaS — Technology Product*

- Designed 2 SaaS applications from the ground up (Operations Layer and Admin Layer) for a multi-branch restaurant POS system, across web, mobile, and tablet, leading UX Research.
- Built and implemented a Design System in Figma that standardized components and styles across platforms, improving team efficiency and preparing the platform to scale.
- Executed QA Testing cycles on developed applications, managing issue tracking through tickets in Linear.
- Proposed and designed the UX for an AI-driven trend prediction feature, helping business owners anticipate product demand from historical data, in collaboration with the engineering team.

**Product Designer (Freelance) — Independent Projects — Axomy and direct clients** *Dec 2023 – Present*

- Designed Axomy's internal CRM from the ground up (0 to 1) for client and project management.
- Designed landing pages for Axomy agency and direct clients using Figma, Framer, and Wix.
- Activated Decor: redesigned the digital experience, increasing user retention and boosting online sales.
- Viaxo: designed a complete application (0 to 1) for a travel agency, reducing payment and client administration time by approximately 40%.

## EDUCATION

**Software and Network Design Engineering — Universidad del Valle de México**

## SKILLS
